

First Announcement

International Society  
for Developmental  
Neuroscience

11th Biennial Meeting  
July 30 - August 3, 1996  
Tampere, Finland

**FINNAIR. TO FINLAND.  
AND TO THE WORLD.**

Fly to Finland on blue and white Finnish wings. Finnair will carry you there safely and in comfort. Finnair can fly you to the North, the South, the East and the West. Whether you are flying to Finland or continuing onward, Helsinki

Airport is just the right size for convenience. In Helsinki you avoid the rush and crush of huge airport terminals. Relax, enjoy your trip, travel in comfort. Choose Finnair!

Brain Research Society of Finland

## DATE

The 11th Biennial Meeting of the International Society for Developmental Neuroscience will be held from July 30 to August 3, 1996, in Tampere, Finland.

## VENUE

Tampere is the third largest city (170,000 inhabitants) in Finland and the largest inland city in Scandinavia located 109 miles (175 kilometers) north of Helsinki. Tampere with two universities is a lively city surrounded by unpolluted lakes and forests. The meeting will take place in Tampere Hall within easy walking distance from the center of the city and its many services.

## SCIENTIFIC PROGRAM

The program will include Symposia, Colloquia, Oral Communications, Posters and Round Tables, which will cover the field of developmental neuroscience in a very broad sense of definition. Those interested in organizing Symposia, Colloquia or Round Tables should contact

Prof. Ted Ebendal  
Dept. Devl. Neurosci.  
Uppsala University  
Box 587, 75123 Uppsala  
Sweden FAX 46 1855 9017

ux

## TRAVEL

Tampere has a small international airport. Direct flights from Stockholm and Tallinn and connecting flights from Helsinki ensure easy access from abroad. Tampere has excellent ground transport communications to Helsinki and with other parts of the country. Travel by train from Helsinki, departing every hour, lasts less than two hours. The organizers can also arrange direct bus transportation from Helsinki Airport to hotels in Tampere.

## ACCOMMODATION

An ample number of rooms has been reserved for participants in hotels of different categories. The price level in Finland is at present by far the lowest in Scandinavia and very reasonable compared with most European countries. A limited number of rooms will also be available at a low rate for students. All hotels are within a walking distance (3-10 minutes) from Tampere Hall.

## ACCOMPANYING PERSONS

A special program will be organized by our travel agent for accompanying persons.

## SOCIAL PROGRAM AND TOURS

The meeting begins with an informal get-together party and ends with a banquet. There is a reception by the Mayor of the city of Tampere. You may also combine your holiday with the participation in the meeting. Our travel agent will arrange individual and group tours, e.g. to Lapland, Finnish lake district, Aland archipelago and St. Petersburg in Russia.

## FURTHER INFORMATION

Professor S.S. Oja  
Chairman of the Local Organizing Committee  
Department of Biomedical Sciences  
University of Tampere
